FOR IMMEDIATE RELEASE

Friday, October 18, 2019

Douglas County Treasurer, Nebraska DMV, FAST Joint Effort

We would like to take this opportunity to update our taxpayer-customers about the implementation of the state's new Vehicle, Titling, and Registration (Victory) System that took place, starting Tuesday this week and also want to express our gratitude to our partners in this process, the Nebraska Department of Motor Vehicles and the Fast (Victory Program contractors) Staff, for the success we have had this week.

The Douglas County Treasurer's Office successfully processed 12,475 transactions through the new Victory System, Tuesday, Wednesday, and Thursday this week. This total includes in-person, on line, mail, and over-the-phone transactions. We thank our taxpayer-customers for their patience as we ventured into a new system that replaced a 30+ year-old computer system. This new system is expected to enhance efficiency and reliability, while reducing clerical errors.

We look forward to serving the citizens of Douglas County in a more effective way for many years into the future.

John W. Ewing, Jr.
Douglas County treasurer

Per authority of Tim Cavanaugh, Chief Deputy Treasurer.
